**IMMEDIATE RELEASE**

## **LESS IS SOMETIMES MORE...**

Due to popular demand from their customers, Turnstyle have launched a range of door levers and door pulls in a single material and finish.

No leather, no timbers, no composite or glass, just good old-fashioned solid brass. Everyone loves Turnstyle's designs and loves the quality but not everyone wants the contrasting combination of materials.

The "Solid" range comes in six of the best selling designs (including the new Plain, recently added but not in the current catalogue) in the four plated finishes. The designs also includes Bow, Barrel, Ski, Square, Tube and Oval Angle which are all available on a selection of plates and roses.
