## **LEATHER WAVE**

New to Turnstyle's stable of leather cabinet handles comes the new hand stitched 'Wave' range.

Softly contoured cup handles wrapped with Turnstyle's beautiful full grained, vegetable tanned bridle leather, hand stitched with carefully boned and polished edges.

The handles, like a perfect line up of an ever increasing swell, start small and build to a huge 25cm long cabinet pull.

Fixed from the rear and available in the four natural tones as well as the three new vibrant colours, Jazz Red, Racing Green and Yachting Blue.
