## **TONE**

Tone is a beautiful new range of cabinet knobs from Turnstyle Designs. Designed by Christina Roberts, the shapes are bold and large but finished with sublime and seductively soft sheen that has to be held to be appreciated fully.

The square Panini's and concave Bowls are a simple and refreshing change from most of the cabinet knobs on the market today, and are a new direction for Turnstyle.

With influences coming from Japan, the Tone range is due to expand into other products such as door levers and bathroom fittings.
