7. ABACUS DIRECT K572

Lustrolite high gloss, acrylic wall panelling, alongside Elements Wetrooms, will be the focus of the Abacus Direct Stand. Lustrolite is available in a choice of nine colours and boasts the appearance of backpainted glass, but it is claimed to have 20 times the impact strength. Elements is a range of tileable wet floors, which come with a 10-year warrantee.

8. TURNSTYLE DESIGNS L212

Developed after a recent custom commission by a client, Turnstyle Designs has introduced a textured metal option called the Hammered range. The technique is hand-produced by craftsmen using planishing hammers. It can be combined with leather, Amalfine and Metal finishes, or customers can choose a customer handle made to order.
