ENVIRONMENTAL STATEMENT

Sustainability is a part of the Turnstyle DNA and we ensure that we are continually responsible for minimising our waste output and reducing our carbon footprint.

We have removed 99% of single use plastics from our packaging and replaced them with fast and completely biodegradable alternatives. We operate from a highly insulated factory and offices, using our own solar energy source. We recycle everything where possible, including canteen waste.

Even our materials are environmentally conscious, such as our leather which is tanned with natural vegetable dyes sourced from Italy. Our trademark Amalfine material is also made up of a composite blend, which includes biproducts such as marble dust. Best of all we make our handles to last, strongly believing that if you buy well and there is only a need to buy once.

We are working hard with all our staff to cut down air-travel, and endeavour to replace as many face to face meetings as we can with online sales and training sessions. Our 'Bike to work' incentive scheme offers team members the opportunity to reduce their carbon emissions, while keeping fit and all our in-house food ordering is organic and locally produced.

We have offset our carbon footprint three-fold, making us carbon negative, with donations for tree preservation and planting. As proud members of '1% for the planet', we donate 1% or more of our annual turnover to environmental causes and organisations.

Together with our teams, we will continue to improve and challenge how we can do more than just our best.

Turnstyle Designs was founded by Steve Roberts in 1992. Steve and his wife Christina work collaboratively to design some of the worlds most innovative decorative hardware, using a broad palette of materials and finishes including, brass, leather and Amalfine™. Turnstyle Designs have been delivering luxury door hardware for high-end residential, commercial and yacht projects. From handstitched leather to individually hammered door hardware, attention to detail is found in every product made. In 2018 they were awarded the prestigious Queen's Award for Export and are proud supporters of 1% for the Planet.

Turnstyle is proudly British made and manufactured in the beautiful Devon countryside. With multiple product combinations and flexibility to allow customisation, there is something for everyone.
