Grey Matters

Turnstyle Designs have been making beautiful door handles for 25 years and have been producing hand stitched door hardware for the past 15 years. Turnstyle has commissioned its tannery to develop a new Charcoal Grey leather to add to its ranges of stocked leathers.

The new leather colour is available throughout all of the leather hardware and comes with a Silver/grey thread. The grey trend showing no signs of going anywhere, in interiors, accentuating designs with Bright Chrome or Satin Nickel, it will add sophistication or industrial undertones to any modern setting.
