

Press Release

Shown here in Burnished Brass and Chocolate leather

Textured Metal – Hammered Surface by Turnstyle Designs

July 2016;

Developed after a recent custom commission by a client, Turnstyle Designs have introduced a textured metal option to its metal finishes, called the “Hammered” range.

The technique, as old as the hills, is produced by our skilled craftsmen hammering the surface by hand using specialised planishing hammers, in order to beat the pattern into the metal work. Each piece is totally individual and when finished

Turnstyle Designs Ltd Baron Way, Roundswell Business Park, Barnstaple, Devon EX31 3TB, England
