

Press Release – Immediate Release

Turnstyle Designs is proud Winner of “Made In North Devon” and “Overall Business 2017” award from the North Devon Business Journal Awards 2017

Turnstyle Designs is proud to announce winning the “Made in North Devon” award and the “Overall Business 2017” award at The North Devon Business Journal Awards 2017 – May 2017.

Steve Roberts, Owner and MD who was not able to attend the awards being away in New York attending the ICFF exhibition and hosting a 25 Years Celebration party, said “We are very proud to receive these awards, I founded the business in North Devon 25 years ago, and have built the business on the Made in England brand of quality and service, we now employ 35 staff who are the reason for our success, we have an amazing team who will all be very proud to win these awards. Thank you to the judges for choosing us.”

Turnstyle operates out of its factory in Roundswell Business Park, Barnstaple, and has a showroom in London and subsidiary in the USA. The business has enjoyed continual, steady growth since 1992 and is expanding again this year, adding a further 3000 sq ft of offices and production. The business is very much a family business built on the old fashioned ethos of taking care of its customers, suppliers and staff in equal measures, Steve said “I am incredibly proud of our staff, some of which have been with us for well over 15 years, these awards are for them, it is great recognition for the quality of craftsmanship that goes into every handle we make and the great customer service that keeps our clients coming back project after project.”

The award was collected by Wayne Dymond (UK Sales Manager), Karl Smith (Production and Procurement Manager), Alex Foster (Marine Sales Manager) and Jay Maurice (Accounts Manager) who attended the awards ceremony for and on behalf of Turnstyle Designs.

Turnstyle Designs is a design led manufacturing company, based in North Devon and exporting throughout the UK and worldwide. The company is one of the market leaders in luxury door hardware with a reputation that has been won by continually striving to improve design, quality and service in equal measures.

An integral part of Turnstyle Designs logo and branding is the MADE IN ENGLAND element that sits below its distinctive T logo. “Made in England” may well say Made in North Devon, as this is where the company was founded and has continued to thrive.

About Turnstyle Designs

Turnstyle celebrates its 25th anniversary this year and recently revamped its website to provide clients with an online configurator that can visualise all the possible combinations on a tablet or smartphone. Amazingly, with around 2,000 individual components in stock, it has worked out that its standard range of products provides up to 20,000 different combinations of styles, materials and finishes.

Turnstyle Designs was established by Steve Roberts in 1992, out of a small shed in the back garden of a cottage in Bideford, Devon, UK and now employs over 40 staff worldwide, has a showroom in The Design Centre, Chelsea Harbour, London and exports 75% of its products to be included in High-end Residential, Marine and Commercial projects around the world.
