

AMALFINE™ FINISHES - CARE INSTRUCTIONS

Our proprietary composite blends have become one of our trademarks. Incredibly versatile and durable, each piece is hand cast and finished and will pass through at least eight pairs of hands before being finally packed for dispatch.

Every piece is unique with its own individually crafted character and charm. All composites are made from a closely guarded blend of resins, mixed with core ingredients as listed below. Amalfine™ products are suggested for internal use only.

ALUPEWT (AP)

As the name would indicate a blend of cold cast aluminium and pewter plus one or two other hidden ingredients, deeply polished for over seven hours to ensure a long, long lasting sheen. If used regularly will require very little maintenance. Can be cleaned with warm soapy water and finished with furniture wax or polish. For designs with greater detail a toothbrush will assist in cleaning.

BLACK BRONZE (BB)

A deep metallic black created by mixing real bronze with dyed marble, highly polished and extremely durable. The bronze may dull with time but can be revived by cleaning with Brasso or other brass cleaning fluids. Finish with furniture wax or polish on a soft rag. For designs with greater detail a toothbrush will assist in cleaning.

BONE (BN)

Dyed marble, sealed and hand finished, a versatile finish that will suit most settings. Co-ordinating products should be batch made to ensure consistency. Can be cleaned with warm soapy water and finished with furniture wax or polish. Only available on flat and smooth designs

COCOA (CO)

Dyed marble, stained and polished to produce a beautiful, subtle, rich dark finish reminiscent of Bakelite. Highly versatile in many styles. If used regularly will require very little maintenance. Can be cleaned with warm soapy water and finished with furniture wax or polish. For designs with greater detail a toothbrush will assist in cleaning.

SAND (SA)

Dyed marble blend, hand finished to produce an incredible facsimile of shagreen (shark or sting ray skin). Can be cleaned with warm soapy water and finished with furniture wax or polish. A toothbrush will assist cleaning between the scales.

SILVER BRONZE (SB)

Made with real bronze to produce a beautiful, rich metallic patina. The bronze may dull with time but can be revived by cleaning with Brasso or other brass cleaning fluids. Finish with furniture wax or polish on a soft rag. For designs with greater detail a toothbrush will assist in cleaning.

We are able to produce both custom designs and finishes within the Amalfine™ range of products. Subject to minimum value of order, please contact our sales department for further details

SOLID BRASS - FINISHES

Brass Living

Polished Brass (PU)

Solid brass, expertly polished to a high sheen, pure and simple with nothing added to allow the natural aging process or keep it polished with any good brass cleaning products. LV-EXT

Vintage Patina (VP)

Hand polished brass base, matt treatment before patination to a rich dark brown, lightly distressed for highlights. Finished with a durable wax coating. LV-EXT

Fine Antique Brass (FA)

Hand polished brass, lightly patinated and brushed to highlight and contrast. Finished with a durable wax coating. LV-EXT

Satin Brass (TW)

Hand polished, then wire brushed for a golden finish. Wax coated. This finish will darken with age unless kept polished. LV-INT

Vintage Nickel (VN)

Nickel plated brass, skilfully patinated by our team of craftsmen, followed by hand distressing and wax polishing. LV-INT

Brass Plated

Bright Chrome (BC)

Sometimes referred to as Polished Chrome, solid brass base, highly polished, nickel base coat with a durable chrome top coat. Easy to maintain and our most durable finish. PL-EXT

Polished Nickel (PN)

Solid brass base, finished with our beautifully subtle nickel plating, silver with hints of yellow. Superb in contemporary or traditional interiors. Clean with any quality nickel polish. PL-INT

Brass Plated

Satin Nickel (SN)

Still our most popular plated finish, solid brass with a fantastic, flat satin nickel plating, no brushwork. A superbly versatile finish that will stand the test of time. PL-INT

Matt Black Chrome (CB)

The latest addition to our plated finishes, a four step process developed by our highly skilled team of finishers, this is a completely matt black plated finish. Highly durable and practical for interior or exterior use. PL-EXT

Code: LV - living finish. INT - interior use only. EXT - interior or exterior use. PL - plated finish

Hammered Living

Polished Brass (PU)

Solid brass, expertly polished, then hammered and polished a second time to a high sheen, with subtle light refraction. Either allow the natural aging process or keep it polished with any good brass cleaning products. LV-EXT

Burnished Brass (BH)

For our hammered finishes we use a more gentle technique to patinate. Each piece is hand burnished to break the surface before being patinated, then subtly distressed, hand polished and waxed to give a luxurious antique finish, highlighting every hammer blow perfectly. LV- EXT

Burnished Nickel (NH)

Polished solid brass, individually hammered, then nickel plated before being hand burnished, patinated and distressed to be finished with a wax finish. Eight pairs of hands before assembly, QA and packing. LV-INT

Hammered Plated

Bright Chrome (BC)

Solid brass hand polished then individually hammered, before plated with a crisp and bright chrome plating. Highly reflective hammer blow texture that is easy to maintain and our most durable finish. PL-EXT

Polished Nickel (PN)

As with Chrome, solid brass, polished, hammered and re polished before being finished with our beautifully subtle nickel plating. Superb in contemporary or traditional interiors. Clean with any quality nickel polish. PL- INT

Satin Nickel (SN)

Solid brass, polished, individually hammered a thousand times, and finished with a fantastic, flat satin nickel plating, no brushwork. A superbly versatile finish that will stand the test of time. PL-INT

Button Finishes

Satin Chrome (SC)

Only available on full leather cabinet handles such as Bow, Cup and Strap as button finishes.

Antique Bronze (AB)

Only available on full leather cabinet handles such as Bow, Cup and Strap as button finishes.

LEATHER - FINISHES

Leather like all natural materials will change with age, according to the situation, exposure to sunlight and usage (or lack of). The more you use it, the better it looks, the oils from your hands feed the leather and create a unique patina. Leather handles should only be used internally. Please see our leather care instructions for maintenance and cleaning.

Colour Variation

Vegetable tanning is an art rather than a science, please allow for slight variations in colour from batch to batch, this is all part of the charm of using such a beautiful and natural material.

Leather

Chestnut (CN)

A glorious, reddy, nutty brown, full of life and finished with a natural thread.

Chocolate (CT)

A rich dark brown, our most popular colour, finished with a dark brown thread.

Black (BL)

A beautiful, subtle sheen, classic leather, finished with a black thread.

Tan (TA)

Light, luxurious leather, edged with a soft, natural thread.

Slate (GC)

A mid tone grey, growing in popularity, great with our silver plated finishes and edged with a silver grey thread.

White (BW)

White leather, white thread, white edging for a clean and contemporary look.

Woven Leather

Tobacco (TC)

A reddish brown mix of woven strands to produce our best selling classic.

Flint Grey (FG)

A beautiful mid grey with a subtle dark smoked undertone.

Whisky (WK)

A light tan mix with dark edging.

Raven Black (RV)

Like the bird, a beautiful reflective black sheen, that comes alive as light catches it.

Faux Leather

Attache Cognac (AC)

A colour match to our Chestnut Leather. Available only on flush products such as sliding door hardware, to avoid marking.

Black Tea (BT)

A colour match to our Chocolate Leather. Available only on flush products such as sliding door hardware, to avoid marking.

Finesse Black (FB)

A colour match to our Black Leather. Available only on flush products such as sliding door hardware, to avoid marking.

Destiny Storm (TS)

A colour match to our Slate Grey Leather. Available only on flush products such as sliding door hardware, to avoid marking.
