

## LIFT & SLIDE HANDLES

Lift & Slide handles (for Lift & Slide Patio Door systems) are supplied as a set consisting of one lever / pull and one flush pull. As standard the lever / pull is mounted on a blank plate (no key way). If required this plate can be supplied with a Euro profile cylinder cut out at a 69mm centre – this must be specified at the point of order.

This range is supplied with a 10 x 10mm spindle.

### NOTE :

Lift & Slide handles are **NOT** available in Black Chrome (CB) finish
