PRESS RELEASE

**BONNEVILLE**

INSPIRED BY THE GREAT BRITISH MOTOR BIKES OF THE 1950's

# BONNEVILLE

Designed by Christina Roberts, these oversized, bold door levers were inspired by the classic Great British Motorbikes of the 1950s. The lever handles were first released in 2019, the design has become so popular since then, Christina designed matching pull handles to suit.

The Bonneville design is derived from the Norton design, using the same Pipe shaft and caps, but with a smooth barrel grip, available in all of Turnstyles' signature Leather, Solid Brass or Hammered brass finishes.

Bonneville has an impressive range of different finish and material combinations, it even comes in the new Part Hammered range, allowing for customisation on a very personalised level. The oversized lever and pulls exude luxury, machined from the highest quality brass each piece is hand assembled in their Devon factory.

Delivering luxury door hardware for high-end residential, commercial and yacht projects for 30 years, Turnstyle Designs was founded by Steve Roberts in 1992. Steve and his wife Christina work collaboratively to design some of the worlds most innovative decorative hardware, using a broad palette of materials and finishes including, brass, leather and Amalfine™.

From hand stitched leather to individually hammered door hardware, attention to detail is found in every product made. Turnstyle is proudly British made and manufactured in the beautiful Devon countryside. With multiple product combinations and flexibility to allow customisation, there is something for everyone.
