# MATT BLACK CHROME

Turnstyle Designs have developed a beautiful and very contemporary new plated finish, Matt Black Chrome. A series of closely guarded processes produce an incredibly solid, deep, matt black finish that is now available on all Turnstyles brass parts and it is made to order.

Shown here in some of their Solid Door levers and cabinet pulls, the finish also looks stunning with black leather or the Black Bronze Amalfine™ (a range of images or samples are available upon request). Alternatively mix it up with contrasting finish grips, the Alupewt™ Wire grip looks industrial.

Black finishing has grown and grown in popularity across many products in in the design industry, from faucets to lighting and by popular demand from clients Turnstyle have now introduced the finish to their collections of 10 different metal finishes. The finish is incredibly durable, suitable for interior or exterior applications.

## VISIT OUR LONDON SHOWROOM

Unit 115, Design Centre East, Chelsea Harbour, SW10 0XF

Delivering luxury door hardware for high-end residential, commercial and yacht projects for 30 years, Turnstyle Designs was founded by Steve Roberts in 1992. Steve and his wife Christina work collaboratively to design some of the worlds most innovative decorative hardware, using a broad palette of materials and finishes including, brass, leather and Amalfine™.

From hand stitched leather to individually hammered door hardware, attention to detail is found in every product made. Turnstyle is proudly British made and manufactured in the beautiful Devon countryside. With multiple product combinations and flexibility to allow customisation, there is something for everyone.
