

LIFT & SLIDE HANDLES

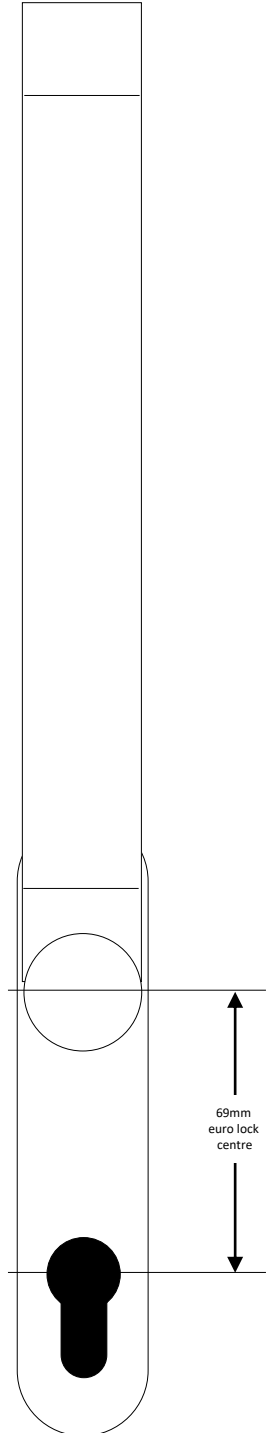

Lift & Slide handles (for Lift & Slide Patio Door systems) are supplied as a set consisting of one lever / pull and one flush pull. As standard the lever / pull is mounted on a blank plate (no key way). If required this plate can be supplied with a Euro profile cylinder cut out at a 69mm centre – this must be specified at the point of order.

Supplied with a 10 x 10mm spindle.

BLANK PLATE

EURO PLATE

PLEASE NOTE:

NEW style flush pull
as of August 2023,
